

DO YOU STILL SEE US?

In Moria Refugee Camp Greece there are thousands of people living under the worst imaginable conditions, without running water, electricity or access to education for the kids. We need to raise awareness of the current situation in Moria again and again. Human rights are being violated on a daily basis, journalists and photographers are not allowed to go inside the new camp, NGO staff members are asked not to take pictures. Moria is only one of the many shame spots of a failing European migration policy.

WE NEED CHANGE!
