

“water, electricity, and items of personal hygiene are provided”⁻¹

leave no
one behind

evacuate
the camp

1 – Excerpt from the painfully cynical letter that was published by the Greek government after the first Moria camp burned down.

“There are very few showers that only run with cold water. So-called bucket showers. Camp inhabitants have to improvise and build their own showers to wash themselves. [...] People have no other option than doing their laundry and washing in the sea.”
